5/6A Homework 2013

Homework in Stage 3 is most valuable as it enables students to develop positive work habits as well as the opportunity to reinforce classroom activities. Importantly, homework should not be a stressful and overly time consuming activity, but rather a stimulating and rewarding experience. Should you at any time feel that your child is not coping with the set work please do not hesitate to contact me.

Homework this year will consist of:

- ❖ Home Reading
- ❖ Spelling
- ❖ Maths
- ❖ Yearbook

Home Reading: Students are expected and encouraged to participate in independent reading of novels/texts of their choice at least 3 nights per week.

Spelling: Each Monday students will be assigned online spelling activities to complete for the week using Spelling & Vocabulary City.com. These activities will be based on students' spelling words from the current week.

Maths: Each Monday students will be assigned tasks on Mathletics.com which will consist of activities based on the concepts that we have been covering in class.

Yearbook: Each month students will be assigned a Yearbook task to complete. Yearbook activities are handed out at the beginning of the month and collected on the last Friday of each month. They are designed to engage and develop thinking skills and allow students to explore topics in greater detail.

Details about homework tasks, including website links and user details will be posted to students on their Edmodo account at the beginning of the week. Homework will commence in Term 1 Week 3.

Thanks for your support,

Kerrie Armstrong
