

Twice upon a time

"Hello everyone welcome to the library today I will be reading a old diary written by a 12 year old girl with her 2 friends who more or less went to another world it all started in 1913 November 22

Dear diary

Today was the most perplexing week.

"Girls! The movies ready" yelled mum me Julie and Elizebeth flew down the stairs in excitement and we flopped on the couch and started the movie. The movie was about 7 children not unlike me and my friends and they read a old mysterious book and then they get sucked into the book with dragons and fairies it's amazing! So after we watched the movie we went to bed. I woke up and walked outside to see a dark and damp morning with rain pounding on my face. I don't know what made me do it but I walked further and faster into the darkness. Then I heard a sound behind me then something brush against my arms c who's there! I called out but of course no one answered then a dragon jumped out of the darkness and opened it mouth wide and then.....AAAAAAAH! I woke with a shudder and my friends were all crowding around me "Mary! What's wrong" exclaimed Julie "n-n-nothing?" I stuttered "oh come off it you were screaming your head off!" Said Elizebeth stubbornly "ok I had a nightmare about the movie" I said growing red. I told them about the dream as I was growing redder and redder by the second. Then I felt something heavy drop onto my legs I looked onto my lap and what I saw made me scream "no- no no no!" It was the book from the movie I ran Into mums room but the bed was empty but it wasn't clean the bed was stained with candy red "blood" I whispered as the colour drained from my face "Mary? What's up? Are you in you're mums room? Oh there you are you like ok as white as a shee- oh my.....wh-wh-what happened-Mary? MARY! I wasn't listening I was paralysed with fear " I know what we have to do the person who killed mum came in here through that window" I pointed at the ajar window " they went to the top of the stairs and dropped this boo-" AAAAAAAH! That book was in the movie it's not real it can't be!" Screamed Julie "Julie JULIE! CALM DOWN! We need to keep our wits I'm just going to open the book" then I sloooooowly open the front cover and nothing happened " see Julie it's fiiiiiiiiiiiiine !!!!!" As I was saying this there was a swish a and I felt a swooping feeling in my stomach and I landed in a Puddle of freezing cold water we trudged into nowhere then we See fossil grey smoke billowing from and area of trees. We ran as fast as our legs could carry us and we saw a big house made of logs without knowing what was happening I saw my friends drop to the floor I heard a someone drag them inside in tiredness I drop to the floor to
